

## Café Regents Meal Plan Frequently Asked Questions

Q: How do I sign up for a meal plan?

Q: Can I purchase a meal plan mid-year?

A: Meal plans may be purchased in August of the current school year for the Fall semester or full school year. Meal plans for the Spring semester are available for purchase in December and must be purchased by the last serving day of the Fall semester.

Q: Is there a discounted daily rate to purchase a meal plan versus buying the meals daily?

## Café Regents Meal Plan Frequently Asked Questions

Q: Where do I find the monthly menu?

A: Go to the [Café Regents Website](#). You can also find it under the "Quicklinks" on the [Regents website](#)

Q: Can I receive a refund for any unused portion at the end of the semester or year?

A: Refunds for unused meals are not available as Cafe Regents will still incur the cost of preparing the meal each day.

Q: Can anyone else use my student's meal plan?

A: As always, each student needs to have and use their own café account. Parents may use a child's account if visiting for lunch. However, the meal plan is only for the student on the account to use, not siblings or parents. While a visiting parent may charge an adult meal to their child's account, this cannot be charged as the "meal plan meal" purchase for that day.

Q: Are field trip and feast days, when my student won't be eating in the Cafe, taken into account in pricing?

A: Yes we took into account feast days, field trips, and activities into the overall pricing consideration.
